

## COMMISSIONERS MEETING – MONDAY, MARCH 17, 2003

Stephen D. Hambley called the meeting to order at 9:00 a.m. with Sharon A Ray and Patricia G. Geissman present.

The meeting opened with the Pledge of Allegiance and a Prayer.

Doug King, Administrative Assistant in the County Engineer's Office, presented a resolution closing a section of Congress Road. Mrs. Geissman moved to approve the road closing. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

The oral reading of the minutes of March 10 was dispensed with. Each Commissioner has read them personally. Mrs. Geissman moved to approve the minutes. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Commissioners reviewed the weekly permits list.

Chris Jakob, Finance Director, presented and reviewed 11 resolutions involving various fund transfers, purchasing fuel for the Engineering Center and Highway Garage from Weaver Oil, and the weekly bills in the amount of \$728,301.82. Mrs. Geissman moved to approve the 10 resolutions and payment of the bills. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Gary Berkowitz, Human Resources Director, presented and reviewed the personnel resolution. Mrs. Geissman moved to approve the personnel changes. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

John Stricker, County Administrator, presented 3 resolutions amending the Tables of Organization for the Transit Department, the Building Department and the County Home. A full time Administrative Assistant and part time Radio Dispatcher are being added to Transit. A full time Building Inspector is being added to the Building Department. The County Home is adding a full time LPN. Mrs. Geissman moved to approve the 3 amended Tables. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Ken Hotz, Sanitary Engineer, presented a resolution authorizing the purchase of furniture and equipment for the Liverpool Wastewater Treatment Plant from Corporate Express through State Purchasing and Non-State Purchasing Contracts. This will complete the remodeling work in their administration building. Half of the furniture and equipment is being purchased through State Purchasing. Mrs. Geissman moved to authorize the purchases. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Ken presented a resolution to accept easements for the waterline improvement projects on Foskett, Station & Beck Roads and on Erhart, Egypt, Coon Club, Carsten & Stone Roads. Mrs. Geissman moved to accept the easements. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Mike Pataky, Child Support Enforcement Agency Director, stated that they will be sending in their certification that they have completed the review under the Governor's Executive Order regarding old cases that may have had money sent to the State by mistake. He didn't have the actual numbers available for cases in our county, but noted that there were a few families that received a sizable amount and the majority just received a little.

Art Verdoorn, Building Official, presented their report for February. The number of new home permits was the same as last February, but the square footage was reduced. It appears the contractors were trying to get the foundations completed as the number of electrical and HVAC permits issue were down. He believes this was based on the weather. The month was very slow for commercial in both plan reviews and permits. He believes the economy and weather played a role in the commercial reduction. The department appears to be on pace with the year 2001. It is still hard to tell the direction construction will take in the county. The lower interest rates for homes should keep things moving.

## COMMISSIONERS MEETING – MONDAY, MARCH 17, 2003

Mrs. Geissman noted that the cost of a new home was down 15%, which is a significant amount. She noted that the thing to remember is that the construction cost does not include the cost of the land and so the costs are still high.

Mr. Hambley noted that the shift of new homes by township has gone from Montville Township to Brunswick Hills Township, which has the more moderately priced homes.

Art stated that the contractor in Brunswick Hills pulls up to a dozen permits at one time. The average cost is based on what the contractor tells their office. The square footage is a better indicator of the type of homes. The average cost and the footage are both dropping and they are seeing more median priced newer homes now. He also noted that they are just starting to get into good weather.

John Jones, Transportation Services Director, presented and reviewed their February statistics, noting that this is the first down turn in ridership and he believes it is primarily due to the weather as it has started picking up with the nicer weather. They had a total ridership of 18,379 in February, which is down 1.06% from last February. He doesn't feel the drop in the "L" was due to the change in scheduling. They traveled 125,067 vehicle miles and used 13,899.10 gallons of fuel for an average fleet miles-per-gallon of 9.0. They had 11 of their diesel vehicles on the road and the 12<sup>th</sup> should be received soon. The billing accuracy was 99.68% and the fare box recovery rate was 7.37%. Some January and February bills are still out. Their on-time performance was 92.97% and the passenger/service hours were still up at 2.49, which need to be brought down. They started a Saturday dialysis bus to take those people off the "L". The general public ridership is up to 21% (demand response) and with the Southwest, Homerville & L Circulators in the public ridership is at 35%. The State would like that to be 50%. They are looking to start an "open door" on the demand response buses, which would allow people in an area the bus is in to rider without calling for the demand response. The capital programs are completed for this year for computers, vehicles and vehicle equipment. They spent around \$264,000 on these programs.

John presented a resolution authorizing the disposal of surplus transit vehicles by sealed bid auction. They have received their 5 new vehicles and the 6<sup>th</sup> should be received in the next couple of weeks. He would like to sell the 6 surplus units to get the revenue back into the system. Mrs. Geissman moved to authorize the vehicle auction. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Mead Wilkins, Job & Family Services (JFS) Director, presented a resolution amending the Child Services Policies and Fiscal Plan. There are 3 amendments and the addition of guardianship, which allows for a guardian for teens and takes them off foster care. The guardian family is supported financially, but the department doesn't oversee everything they do as they do in foster care. They also added non-custody placement. There is a post-adoption subsidy that pays for 6 months of residential care, but their placement could be for 9 months. This allows JFS to pay for the full cycle of care. Mrs. Geissman moved to approve the amendments. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Mead presented a resolution amending the Prevention, Retention & Contingency (PRC) Plan. Any TANF money goes through this plan. The addition is for emergency services assistance, which pays for extraordinary expenses for low-income families to help keep them together. Mrs. Geissman moved to approve the amendment. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Mead presented a resolution authorizing agreement for services relating to transportation of children. There is a foster father that drives kids to and from various doctor and/or therapy appointments for \$10/hour. This has been working out better than having a caseworker take care of the transportation. Mrs. Geissman moved to approve the agreement. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Mead presented a resolution authorizing an agreement relating to foster parent recruitment. JFS is almost out of Medina County foster homes because they have become adoptive homes or they aren't interest any longer. Kids are now being placed in Tiffin, Youngstown, etc. This agreement would pay a foster family to become recruiters for the

## COMMISSIONERS MEETING – MONDAY, MARCH 17, 2003

program to help keep the kids in Medina County. They are paid \$10/hour. Mrs. Geissman moved to approve the agreement. Seconded by Ms. Ray.

Mrs. Geissman noted that it is important to keep the children in the county.

Mead stated that foster families can now adopt children that they have with them, and if they adopt 2-3 children, they stop fostering.

Mr. Hambley noted that the program is being capped at \$10,400.

There was no further discussion.

Roll Call on the motion and second to approve the foster care recruiting showed all Commissioners voting AYE.

Mead presented a resolution amending Medicaid Outreach Funds expenditures. There has been a push to let families know that there is medical coverage for low-income children. This will be the last year for this outreach to let families know. The Health Department has been signing people up for the Healthy Start program when they are there for other services. This amends the current outreach policy to work out an agreement with the Health Department to reimburse them for their services. Mrs. Geissman moved to approve the amendment. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Mead presented a resolution authorizing an agreement for TANF-ESA Services with the Family First Council. This contributes incentive dollars to Family First for the ICAT children, which are the multi-system kids. The money cannot be used for placement services such as to Boys Village, but it can pay for therapy, respite or special camps for supportive services for those youth. This will allow up to \$25,000 to the ICAT group to keep the families from going any deeper into the system. Mrs. Geissman moved to approve the agreement. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Mead presented a resolution authorizing an agreement for professional services related to data imaging project. This is for the development of a software system. The Income Maintenance and Medicaid programs have struggled to keep everything current because of the volume they have. There is software available that was developed for Cuyahoga and Lorain Counties that allows the worker to have all their forms populated with all of the demographic information. For instance, a person comes in to apply at Intake, a worker will fill in the income eligibility portion and the whole package will include the person's main information instead of typing the same information over and over. The entire package, approximately 32 screens, is automatically updated. Eventually all of their records will be electronic and there will be no paper records. This approves the use of incentive funds. Mrs. Geissman moved to approve the agreement. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Mead presented a resolution authorizing the advertisement for proposals relating to Family Literacy and Adult Basic Education. This is an existing program to help people get their GED and basic literacy skills. Last year they spent \$40,000 on these programs. Mrs. Geissman moved to approve the advertisement. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Mead presented a resolution authorizing the advertisement for proposals relating to TANF Work Experience and Job Readiness. This existing program is with the Career Center and Medina Assembly & Packaging for the OWF families. Mrs. Geissman moved to approve the advertisement. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Mead presented a resolution authorizing the advertisement for proposals relating to protective service agreements. This is a program for family case aid, family group conferencing, geriatric assessment, clinical counseling and adult protective services. Other than adult protective services the contracts have run for several years and uses some federal dollars for these services. The adult protective services were added to this to help older adults that are being exploited or self-neglecting. There have been some serious cases with older adults and some of

## COMMISSIONERS MEETING – MONDAY, MARCH 17, 2003

their budget cuts would eliminate that program. This will tie this into some other programs that are already serving older adults so that the services can continue. Mrs. Geissman moved to approve this advertisement. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Mr. Hambley presented a resolution commending Richard D. Goodwin for his years of service with the Maintenance Department. Mr. Goodwin is retiring on March 21 and has been with the county since 1975. Mrs. Geissman moved to approve the commendation. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

The Clerk read the resolution to allow expenses of county officials. Mrs. Geissman moved to allow the expenses. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

The meeting was opened for public comment.

Mr. Hambley reported that a letter was received from State Representative Chuck Calvert asking NOACA to review the decision regarding the I-71 third lane reduction to two lanes and to make changes in the pavement markings to enable it to be 3 lanes all the way through. On Friday the NOACA Board sent the request to their Transportation Advisory Committee (TAC). We may have to do a similar letter writing campaign that was done 4-5 years ago to convince some members on the NOACA Board to permit that to occur. The argument by ODOT and Representative Calvert makes sense in terms of the truck traffic and a new federal study that seems to warrant having the third lane marked. It is more complicated than just saying stripe it as it requires the approval of the Federal Highway Administration and EPA, as there's a consequence to both. This has to go through the process. Based on information he received there are a lot of questions being raised by some that opposed the third lane years ago, and there may be some attempts to try to stall this. There will probably have to be some lobbying done and letters of support may be needed for the striping of the third lane. The lane has been built and it's now a matter of getting it striped, which requires the process or review and modification of the plans that were established 4-5 years ago.

Mrs. Geissman stated that she supports the striping for a third lane, noting that it is a safety issue.

Mr. Hambley noted that there is an 11:00 public viewing and 1:00 public hearing regarding the petitioned vacation of Carr Road. At 1:10 there will be an Executive Session for the purpose of personnel/discipline and land acquisition. The discussion session will be held around 1:30.

The meeting reconvened at 1:00 p.m. for the public hearing on the petition to vacate a section of Carr Road.

Dave Miller, County Engineer, reviewed his report. A petition was filed to vacate a 5' right-of-way at the county line on Carr Road. The road is not necessary for the general public's convenience or welfare. However, there is an access problem to the property on the east side of the county line in Summit County. He recommends that the Board not vacate this unless an access problem can be worked out east of the county line.

Paul Magovac stated that on behalf of the Hinckley Township Trustees who sent a letter to stop the vacation of the road. The Trustees would no longer like to vacate this 5' of Carr Road.

Ed Povraznik, Cleveland Metro Parks, stated that the petition was started due to possible development of property. Since that time Cleveland Metro Parks has purchased this with the former owner, and they would prefer not to have this vacated so they can continue to have public access. Through questioning, he stated that the intention for this is a small parking area and possibly a trail site. This will be for public access to the property, which will have passive recreation. There are no plans for rural or recreational development.

Thad Badowski, grandson of the previous owner, stated that his grandmother's medical condition forced her into a nursing home and the property was put on the market about a year

## COMMISSIONERS MEETING – MONDAY, MARCH 17, 2003

ago. There were some development proposals that would have been disadvantageous for Summit and Medina Counties. An agreement was reached with Metro Parks and the property is currently in escrow now pending the completion of the sale. It has been the intention that the property be used for public recreation. On a personal note, he stated that when they sell the front half of the property he would still like to have access to the property that is going to Metro Parks. Keeping the access open is beneficial to himself and anyone else that visits the park.

Jim Kamps, Hinckley Township Trustee, stated that this is a small piece of an ongoing program between Hinckley Township and Cleveland Metro Parks to help protect the Rocky River corridor. The Township feels that this will go a long ways in their storm water management and conservation efforts.

There was a brief discussion between Alicia Malusky, Carr Road, and Mr. Badowski regarding his statement about wanting access. His intention was that he would like access to the parkland.

Mrs. Malusky stated that she is concerned that 2-5 years from now the Parks will want to put in a horse/bridal trail that would require widening the road for vehicles with trailers. Her house is close to the street and she is concerned about how widening it would affect her front property.

Susan Larson, Carr Road, added that Mrs. Malusky has not mentioned that her house is probably a historic home. It's almost 100 years old and is the oldest home in the community. The house could be impacted with the road widening.

Mrs. Geissman stated that there were some questions at the viewing this morning, and there are no plans to widen that road.

Mr. Hambley stated that at this point they are planning for passive recreation. If there was much more they would probably have to improve the road for public safety.

Mr. Povraznik stated that it is a township road and he believes they would have to work with the Township.

Mr. Magovac believes that they would contact the County Engineer who does all of their engineering and they would rely on them to say how much more traffic they can expect. The Township would go on the advice of the County Engineer. As long as Metro Parks doesn't have anything big planned there are no plans for widening the road. If a bridal path was put in and residents were getting held up because of horse trailers they would have the Engineer's Office determine if improvement of the road would be needed. If that happened they would want to assess Metro Parks as the cause of the widening.

Mr. Poraznik stated that there have been no discussions of bridal trails at all. There are many areas where bridal trails come out on roadways and there are no facilities for them. Generally they don't put in parking lots for bridal trails. The parking lot itself is probably a few years out.

There were no further comments or questions.

Mrs. Geissman moved to adjourn the public hearing. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

Mrs. Geissman moved to deny the vacation of the 5' section of Carr Road. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

At 1:12 p.m. Mrs. Geissman moved to recess into Executive Session for the purpose of discussion personnel/discipline and land acquisition. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

At 1:30 p.m. the Assistant Clerk received bids for herbicidal spraying for roadside vegetation control and for bituminous patch & cold mix for the County Engineer. Steve Trazinski read the bids. Bids for the herbicidal spraying were received from Chemi-Trol

## COMMISSIONERS MEETING – MONDAY, MARCH 17, 2003

Chemical Company, The Daltons Inc., and DeAngelo Brothers Inc. Bids were received for the bituminous patch and cold mix from Kokosing Materials, C&S Limestone Inc., Walter Jones Construction, Mar Zane Inc., and Stoneco Inc. The bids were turned over to the Engineer's Office for review and recommendation.

At 2:14 p.m. Commissioners reconvened the meeting for the discussion session.

Ms. Ray noted that she did a department visit with the Building Department and met with Art Verdoorn to go over their operation. She noted, from the report this morning, that the commercial is significantly down, which is a concern. They are hoping it's a combination of the economy and weather and that both will pick up soon.

Mr. Hambley noted that we may know in the next couple days. President Bush is on tonight.

Ms. Ray stated that a concern is if cell phone lines go down. She has a radio and can check about getting a couple extra's to be sure Commissioners can communicate, especially if there is a request regarding a Code Red.

Mr. Hambley noted that there would be a public announcement of a Code Red and all airports would close down, etc. He also noted that there is a resolution already in place giving John Stricker authority in an emergency.

Ms. Ray stated that the Economic Development Corporation is having a speaker regarding a port authority on Thursday. She has already committed to doing the Emergency Management Agency (EMA) exercise.

Mr. Hambley stated that he's also part of the EMA exercise and Mrs. Geissman also has something else scheduled. John will be attending the port authority meeting and reporting back to the Board.

Ms. Ray stated she has some questions about the memo from the Planning Department regarding their mission statement.

Mrs. Geissman stated that she was confused when she read it as they have different ones listed.

Mr. Hambley reviewed the memo and pointed out which is the mission statement being considered for adoption by the Planning Commission.

Ms. Ray asked if Mr. Hambley attended the regional forum on Friday.

Mr. Hambley stated that he did and he has handouts in his office to present to the others. They have set up the number of agenda items. Larry Long, CCAO Director, was able to update on a few things. There are various options under the biennial budget under discussion and the Local Government Fund (LGF) is probably at huge risk. They aren't going to identify one specific, such as LGF or protective services, as the most important. If we win on the LGF, they'll hit on something else. The main emphasis is that they are all important and they need emphasis on the tax reform portion to expend the revenue base and give more flexibility to the counties.

Ms. Ray asked if there was any indication of the number of people attending the meeting that Medina County is hosting on the 28<sup>th</sup>.

Mr. Hambley stated that they are to RSVP.

Through questioning, Ms. Ray stated that the Community Center is going to work out and won't cost anything for rental. Dianne Ranftl is working with her to order coffee, tea and pastries.

Mr. Hambley noted that Ms. Ray had said Representative Gibbs and Senator Amstutz will be in attendance and that Representative Calvert at this time is unavailable, but will

## COMMISSIONERS MEETING – MONDAY, MARCH 17, 2003

be there if things free up for him. They are contacting the other legislators. They will be preparing an agenda and sending it to Commissioners. It is a casual dialogue so the counties can say what their major concerns are and to hear the legislators' responses. He noted that on the 28<sup>th</sup> he and Betty Blair, Lorain County Commissioner, have Natural Resources Assistance Council at 8:00 in Lorain and may not be able to be at the forum by 10:00. This is the second round of funding for the Clean Ohio Funds.

Mr. Hambley further stated that in the last round of Clean Ohio Funds they supposedly had \$1.7 million. Notification was received from OPWC last week that they were wrong and there was only \$1.5 million available. The last one funded, Avon Lake, is still out there unfunded. They will probably have to take that \$200,000 out of this next round of money, which cuts this year's allocation. Medina County did pretty good with the money last year for the Plum Creek Park and the FEMA match for Chippewa Lake. Lake Medina is not going in as a proposal at this time.

Mrs. Geissman presented pictures of a railroad approach before and after being cleared. Crumley Brush Company, who has worked in Wayne and Ashland Counties, did the work. This is the same program that Dave Miller has used. The gentleman goes to the PUCO and gets up to \$3,000 for each crossing that doesn't have gates and lights. This is a site that the gentleman knew was dangerous in Medina County to give an idea of what he does. His cost on this is \$4,900. The State allows him to do another one in the township that doesn't cost \$3,000 he can add the cost onto that. The gentleman does all the work including working with the trustees and any private owners that may be involved. The township and county has no money involved. She and Buck Adams will be getting letters out to the townships/villages about this gentleman so that when the Railroad Task Force identify the priorities they will know they can contact him. The gentleman guarantees that there is no re-growth in those areas.

Mr. Hambley reported that Medina County has another seat on NOACA's TAC. He was appointed on Friday, giving the county one additional appointment. We also have Jim Douth, Dave Miller, Patrice Theken, Chris Easton and John Jones on different boards. He has appointed Bob Zeinkowski, the new Brunswick City Manager, as his alternate.

Ken Hotz noted that a letter was sent out to residents on Foskett Road advising them that the OWDA is requiring a payment of \$327 to pay their portion of the Western Reserve Water District. That payment will remove those residents from any further litigation or costs. Through questioning, he stated that they are waiting to hear from the Franklin County Common Pleas Court on how they should go on with the case. Residents don't have to pay this unless they tie onto the waterline. The cost was around \$250 when this was done for those in Pilgrim Valley. The interest and legal fees increased that amount and it will continue increasing until the matter is resolved.

The Clerk reported that the main switchboards are being replaced this Wednesday because Verizon can no longer support the old ones. The plan is to do the replacement after hours and hopefully everything will be set up and running Thursday morning. Verizon's biggest concern right now is getting all of the T1 (toll free) lines moved over.

Mr. Hambley noted that the Greenhaven (Sharon Township to Wadsworth) annexation hearing is next week at 2:00 p.m.

Through questioning, the Clerk noted that part of the remand of this annexation back to the Commissioner was that there has to be a court reporter. Arrangements have been made for that. She will make sure that Commissioners have the instructions for handling this hearing under the old annexation laws.

Through questioning, Mr. Hambley stated that he will talk to Bill Thorne, Assistant Prosecutor, but he believes the hearing will be from scratch. The applicant will make their case and the Township and anyone else will follow. This only changes the basis for the decision as to the factors used.

Mr. Hambley stated that he understands there is an expedited annexation that will be coming in soon. The township and city are working out an agreement for the filing.

**COMMISSIONERS MEETING – MONDAY, MARCH 17, 2003**

There was no further business before the Board for discussion.

Mrs. Geissman moved to adjourn the meeting at 2:30 p.m. Seconded by Ms. Ray. There was no discussion. Roll Call showed all Commissioners voting AYE.

**RESOLUTIONS PASSED:**

03-0156 RESOLUTION TO ALLOW CLAIMS AND AUTHORIZE ISSUANCE UPON THE TREASURER IN SETTLEMENT OF SUCH LIST OF CLAIMS

03-0157 RESOLUTION COMMENDING RICHARD D. GOODWIN FOR HIS YEARS OF SERVICE WITH THE MEDINA COUNTY MAINTENANCE DEPARTMENT

03-0158 RESOLUTION DETERMINING THE NECESSITY TO CLOSE CONGRESS ROAD (C.H. 29) BETWEEN SANFORD ROAD (C.H. 102) AND MOSS ROAD (T.H. 176)

03-0159 CASH TRANSFER OF COUNTY GENERAL FUNDS TO THE MEDINA COUNTY EMERGENCY MANAGEMENT AGENCY

03-0160 CASH TRANSFER OF COUNTY GENERAL FUNDS TO THE MEDINA COUNTY SOIL & WATER CONSERVATION DISTRICT

03-0161 TRANSFER OF COUNTY GENERAL FUNDS TO THE MEDINA COUNTY ALCOHOL, DRUG ADDICTION & MENTAL HEALTH BOARD

03-0162 RESOLUTION AUTHORIZING THE COUNTY AUDITOR TO TRANSFER FUNDS FROM THE CHILD SUPPORT ENFORCEMENT AGENCY FUND TO THE GENERAL FUND FOR DOMESTIC RELATIONS COURT SERVICES

03-0163 CASH TRANSFER TO THE CRIPPLED CHILDREN'S HEALTH FUND

03-0164 RESOLUTION AUTHORIZING THE COUNTY AUDITOR TO TRANSFER FUNDS FROM THE CHILDREN SERVICES IV-E FUND (0050) TO THE PUBLIC ASSISTANCE FUND (0120) FOR CHILDREN SERVICES (IV-B) ADMINISTRATIVE EXPENDITURES

03-0165 RESOLUTION AUTHORIZING THE COUNTY AUDITOR TO TRANSFER FUNDS FROM THE CHILDREN SERVICES IV-E FUND (0050) TO THE PUBLIC ASSISTANCE FUND (0120) FOR CHILDREN SERVICES (IVE) ADMINISTRATIVE EXPENDITURES

03-0167 RESOLUTION AUTHORIZING THE PURCHASE OF 2,700 GALLONS OF PREMIUM UNLEADED AND 4,300 GALLONS OF REGULAR UNLEADED GASOLINE FOR THE ENGINEERING CENTER

03-0168 RESOLUTION AUTHORIZING THE PURCHASE OF 6,000 GALLONS OF DIESEL AND 1,000 GALLONS OF REGULAR UNLEADED GASOLINE FOR THE MEDINA COUNTY HIGHWAY GARAGE

03-0169 RESOLUTION APPROVING PERSONNEL CHANGES FOR THE EMPLOYEES UNDER THE JURISDICTION OF THE MEDINA COUNTY COMMISSIONERS

03-0170 RESOLUTION AMENDING THE TABLE OF ORGANIZATION FOR MEDINA COUNTY TRANSIT DEPARTMENT

03-0171 RESOLUTION AMENDING THE TABLE OF ORGANIZATION FOR MEDINA COUNTY BUILDING DEPARTMENT

03-0172 RESOLUTION AMENDING THE TABLE OF ORGANIZATION FOR MEDINA COUNTY HOME

**COMMISSIONERS MEETING – MONDAY, MARCH 17, 2003**

03-0173 RESOLUTION AUTHORIZING THE SANITARY ENGINEERING DEPARTMENT TO PURCHASE FURNITURE FOR...LIVERPOOL WASTEWATER TREATMENT PLANT FROM CORPORATE EXPRESS THROUGH STATE PURCHASING AND NON-STATE PURCHASING CONTRACTS

03-0174 AUTHORIZING THE SANITARY ENGINEER TO OBTAIN EASEMENTS FOR VARIOUS WATERLINE IMPROVEMENT PROJECTS

03-0175 AUTHORIZING THE TRANSIT DIRECTOR TO DISPOSE OF SURPLUS TRANSIT VEHICLES BY SEALED BID AUCTION

03-0176 RESOLUTION AMENDING THE CHILDREN SERVICES POLICIES AND FISCAL PLAN FOR MEDINA COUNTY JOB AND FAMILY SERVICES

03-0177 RESOLUTION AMENDING THE PREVENTION, RETENTION & CONTINGENCY PLAN (PRC) FOR THE MEDINA COUNTY JOB AND FAMILY SERVICES

03-0178 RESOLUTION AUTHORIZING AGREEMENTS FOR PROFESSIONAL SERVICES RELATING TO TRANSPORTATION OF CHILDREN FOR MEDINA COUNTY JOB AND FAMILY SERVICES

03-0179 RESOLUTION AUTHORIZING AN AGREEMENT FOR PROFESSIONAL SERVICES RELATING TO FOSTER PARENT RECRUITMENT FOR MEDINA COUNTY JOB AND FAMILY SERVICES

03-0180 RESOLUTION AMENDING MEDICAID OUTREACH FUNDS EXPENDITURES FOR MEDINA COUNTY AND FAMILY SERVICES EXPENDITURES

03-0181 RESOLUTION AUTHORIZING AN AGREEMENT FOR TANF-ESA SERVICES WITH MEDINA COUNTY FAMILY FIRST COUNCIL FOR MEDINA COUNTY JOB AND FAMILY SERVICES

03-0182 RESOLUTION AUTHORIZING AN AGREEMENT FOR PROFESSIONAL SERVICES RELATING TO DATA IMAGING PROJECT FOR MEDINA COUNTY JOB AND FAMILY SERVICES

03-0183 RESOLUTION AUTHORIZING THE ADVERTISEMENT FOR PROPOSALS RELATING TO FAMILY LITERACY AND ADULT BASIC EDUCATION FOR THE MEDINA COUNTY JOB AND FAMILY SERVICES

03-0184 RESOLUTION AUTHORIZING THE ADVERTISEMENT FOR PROPOSALS RELATING TO TANF WORK EXPERIENCE & JOB READINESS FOR MEDINA COUNTY JOB AND FAMILY SERVICES

03-0185 RESOLUTION AUTHORIZING THE ADVERTISEMENT FOR PROPOSALS RELATING TO PROTECTIVE SERVICE AGREEMENTS FOR THE MEDINA COUNTY JOB & FAMILY SERVICES

03-0186 RESOLUTION TO ALLOW EXPENSES OF COUNTY OFFICIALS

MEDINA COUNTY COMMISSIONERS:

\_\_\_\_\_  
Stephen D. Hambley

\_\_\_\_\_  
Sharon A. Ray

\_\_\_\_\_  
Patricia G. Geissman

Respectfully submitted,

Pamela J. Terrill, Clerk
