1. A reservation strip must be shown at the terminus of Antler Trail. A note shall be added indicating the reservation strip will be automatically rescinded upon further dedication and extension of the street.
2. It is not clear why Blocks J, K, and L are separate; these blocks should be combined.

Recommendation: Staff recommends the MCPC **APPROVE WITH MODIFICATIONS** the Preliminary Plan extension for Whitetail Crossing, Phase 4 subdivision subject to the following conditions:

1. Provide fire hydrants as required by the City of Medina Fire Department (see above).
2. Correct open space area per Tax Maps comment.
3. Provide a reservation strip at the terminus of Antler Trail and a note indicating the strip will be automatically rescinded upon further dedication and extension of the street.
4. Combine Blocks J, K, and L.
5. Submit three copies of the corrected Preliminary Plan extension.
