RESOLUTION NO. 26-0185

AUTHORIZING THE COUNTY ADMINISTRATOR TO NEGOTIATE ELECTRIC RATES FOR THE MEDINA COUNTY FACILITY ELECTRIC AGGREGATION PROGRAM

WHEREAS, the Medina County Board of Commissioners administer an electrical aggregation program for county-owned facilities with a current contract with Dynegy Energy Services East with a term expiring with the April 2026 meter read, and

WHEREAS, in collaboration with Ampica Energy Solutions, a Request for Proposal (RFP) was issued on February 24, 2026 to obtain competitive rate proposals from interested aggregation suppliers to service county-owned facilities for a new contract period, and

WHEREAS, proposals have been received and negotiations are in process with the Medina County Administrator working with Ampica Energy Solutions to obtain the best pricing possible for a new contract; and

WHEREAS, due to the volatility in electrical futures and in order to obtain the best possible pricing for County owned facilities, the Medina County Administrator is requesting the authority to lock in the best possible rate to avoid rate increases in the futures market.

NOW, THEREFORE, BE IT RESOLVED by the Medina County Board of Commissioners hereby authorize the Medina County Administrator to work with Ampica Energy Solutions to obtain and secure the best pricing possible for the Medina County Electric Aggregation Program for presentation to the Board of Commissioners for final approval.
